Commissioner for Patents

The Reply Brief dated 23 March 2009 has been reviewed by the Examiner and entered into the record.

Appellant notes in footnote 2 on page 4 of the Reply Brief that the Examiner mistakenly wrote on page 10 of the Examiner's Answer that the proposed combination "does change" the principle of operation of the Saul 915 device. The Examiner asserts that the proposed combination does NOT change the principle of operation of Saul 915.

The case has been forwarded to the Board of Patent Appeals and Interferences for decision on the appeal.
